La solidità e l'affidabilità di un sistema di competenze integrate

Volpato Industrie, Gollinucci, Elma. Un gruppo costituito con lo scopo di offrire al mercato dell'arredamento competenze di alto livello intelligentemente e proficuamente integrate. La missione è garantire ai produttori di mobili per la cucina, l'ambiente bagno e il living una proposta straordinariamente completa di componenti, accessori e complementi capaci di distinguersi per la ricercatezza del design, la funzionalità avanzata e la grande durevolezza.

The solid value and reliable performance of a system of integrated capabilities

Volpato Industrie, Gollinucci, Elma. A group set up to offer the furniture market high level, intelligently and effectively integrated capabilities. The mission is to guarantee manufacturers of kitchen, bathroom and living room furniture an extraordinarily complete range of components, accessories and complimentary pieces with outstandingly elegant design, advanced functionality and enduring quality.

Gollinucci
DESIGNED FOR EVERY DAY

IL GRUPPO | THE GROUP

ELMA[®]
ITALIAN MIRRORS DESIGN

La capacità di offrire soluzioni dedicate e articolate in una proposta straordinariamente ampia

Da oltre cinquant'anni lavoriamo senza sosta al miglioramento della qualità tecnica ed estetica dei nostri articoli per i mobili da cucina. Lo facciamo studiando, progettando e realizzando sempre nuovi prodotti per rispondere, spesso anticipandole, alle esigenze di un'industria dell'arredamento che si evolve sempre più rapidamente in funzione delle tendenze di mercato e dei bisogni dell'utilizzatore finale.

La centralità del cliente, delle sue necessità e dei suoi desideri è il principio che guida ogni nostra attività. Per questo, agli standard particolarmente elevati della nostra produzione uniamo un servizio di eccellenza, frutto dell'efficienza di processi realizzativi e organizzativi costantemente aggiornati, a loro volta riflesso di una cultura d'impresa che assegna alla sostenibilità, alle persone, alla progettualità e all'innovazione un ruolo centrale.

Il nostro approccio alle richieste di chi si affida a noi si esprime nella scelta di proporre soluzioni, ovvero una gamma che va ben oltre l'idea di insieme indifferenziato di singoli componenti, accessori o complementi. Nel concreto, proponiamo un'offerta ragionatamente articolata in categorie di prodotti che rispondono a utilizzi specifici e consentono di orientarsi facilmente e rapidamente nella vastità della nostra proposta.

The ability to offer dedicated and articulated solutions in a proposal extraordinarily broad

We strive to improve the technical and style quality of our products for home spaces from kitchen to living room and bathroom. We do that by studying, designing and producing innovative solutions to meet and even anticipate the demands of a furniture industry evolving rapidly, based on the associated market trends and needs of final users.

Everything we do focuses on and is guided by our customers and their needs and wants. We ensure that our extremely high standards are supported by excellent service, the result of constantly upgraded, efficient manufacturing and organizational processes and a corporate culture that gives a pivotal role to sustainability, people, design skills and innovation.

We respond to customer requests by choosing to offer a range of products that goes way beyond the idea of individual components, accessories or complementary furniture and creates an idea of the overall design. We offer a range with product categories divided by function corresponding to specific needs and uses that customers can identify easily and rapidly from the vast choice in our range.

SOSTENIBILITÀ | SUSTAINABILITY

Essere consapevoli che in ogni gesto vi è una scelta ed ogni scelta segna una strada. Tutelare l'ambiente in cui viviamo, rappresenta la direzione in cui vogliamo andare.

Be aware that in every gesture there is a choice and every choice marks a path. Protecting the environment in which we live represents the direction in which we want to go.

PERSONE | PEOPLE

Mettere le persone al centro, migliora la qualità del loro spazio, del loro tempo e della loro vita.

Putting people at the center improves the quality of their space, their time and their life.

PROGETTUALITÀ | PLANNING

Ideare soluzioni e dare risposta a esigenze in continua evoluzione affiancando nel verso senso della parola i nostri clienti.

Devising solutions and responding to constantly evolving needs, supporting our customers in every sense of the word.

INNOVAZIONE | INNOVATION

Perseguire l'eccellenza tecnica ed estetica dei nostri prodotti rendendoli sempre più pratici, durevoli e attraenti in termini di design.

Pursue the technical and aesthetic excellence of our products by making them increasingly practical, durable and attractive in terms of design.

Oltre 50 anni di esperienza, creatività e innovazione al servizio dell'industria del mobile

Nata nel 1974, Volpato Industrie offre all'industria dell'arredamento una gamma di prodotti estremamente ampia, che comprende piedini regolabili, zoccoli, basi colonna, accessori per cassetto, basi lavello, alzatine, profili maniglia, profili gola, catenarie, tavoli e supporti penisola. L'azienda si pone nei confronti del cliente come partner con cui sviluppare le soluzioni più idonee a ogni più specifica richiesta, commisurate a necessità funzionali ed estetiche ben precise.

Over 50 years of experience, creativity and innovation at the service of the furniture industry

Founded in 1974, Volpato Industrie serves the furniture industry with an exceptionally wide range of products, including adjustable height legs, plinths, tall unit bases, drawer accessories, sink bases, backsplashes, handle profiles, Gola profiles, joint profiles, modular systems, tables and peninsula bases. The company serves its customers as a partner with whom to develop the solutions most suited to each specific request in response to precisely defined functional and style needs.

Soluzioni di design e funzionalità ideate per gli spazi interni di cucine e bagni

Gollinucci progetta e realizza dal 1973 complementi di arredo che semplificano la vita quotidiana, coniugando estetica moderna e praticità. Ogni prodotto è caratterizzato da un design pulito, che si distingue per un'elegante essenzialità anche grazie alle firme dei più rinomati designer italiani.

Le soluzioni proposte per la cucina vanno dall'organizzazione con estraibili dello spazio interno, alla gestione della raccolta differenziata. Per il bagno, Gollinucci offre proposte contenitive per cassetti e cestoni con soluzioni per sfruttare al meglio lo spazio interno ed esterno.

Beautifully designed and functional solutions for the interior spaces of kitchens and bathrooms

Gollinucci has been designing and manufacturing modern, practical complementary furniture that simplifies everyday life since 1973. Every product boasts sleek, distinctively elegant design and simplicity that can also be attributed to some of the top Italian designers. The products for kitchen unit interiors range from pull-out organizers to recycling bins. For the bathroom, Gollinucci produces shallow and deep drawer organizers with solutions to exploit interior and exterior space efficiently.

Qualità e bellezza dedicate all'industria dell'arredamento e al contract

Elma produce specchiere retroilluminate e con illuminazione applicata per l'ambiente bagno e non solo coniugando tecnologie di ultima generazione e saper fare di matrice artigianale. Ogni modello racconta un percorso fatto di idee, intuizioni, ingegno, sperimentazioni e sfide affrontate e vinte, il cui traguardo è valorizzare lo spazio che lo ospita attraverso una nota inconfondibile di stile, nonché garantire funzionalità avanzata e grande durevolezza.

Quality and style for the furniture industry and contract sector

Elma produces mirrors with backlighting and applied lighting for bathrooms and beyond, combining the latest technology and master craftsmanship. Every model tells a story made up of ideas, intuition, ingenuity, experimentation and challenges faced and won, with the goal of enhancing the space it inhabits with unmistakable style, and guaranteed advanced function and great durability.

Piedi regolabili con basetta integrata

Integral adjustable legs

La Volpato Industrie offre una gamma completa di piedi regolabili studiati specificatamente per le basi dei mobili componibili, costituiti da:

- Piedi con basetta integrata
- Sistema tubi e basette
- Sistema aggancio zoccolo-piedi
- Sistema di regolazione Speed-system
- Sistema d'espansione Easy plug-in

I vari sistemi prevedono i più comuni metodi di fissaggio al cabinet. Sono realizzati in resina termoplastica ad alta resistenza agli urti e presentano le seguenti caratteristiche:

- Ottima resistenza meccanica
- Ottima resistenza all'umidità e all'invecchiamento
- Portata a compressione 400Kg./cad.

Adjustable legs: Volpato Industrie presents a wide range of adjustable legs specifically developed for modular kitchen cabinets. The series includes:

- legs with built-in base;
- legs with separated base system;
- plinth-leg connection systems;
- speed system for adjustment;
- expansion system Easy plug-in.

All systems are developed for the most common way of cabinet fixing. All systems, produced using high Impact thermoplastic resins, have the following features:

- superior mechanical resistance;
- superior resistance to humidity and aging;
- compression resistance higher than 400 kg/leg.

Piedi in alluminio

Aluminum legs

Profili estrusi

- Alluminio lega EN – AW 6060 – T5 UNI EN 755-2
- Finitura superficiale: anodizzazione (rivestimento per ossidazione anodica secondo UNI EN 12373-1) a scopo protettivo e decorativo

Accessori

- Tappi e regolazioni: ABS antiurto colorato
- Viti: acciaio temperato
- Minuteria metallica: acciaio zincato

Extruded profiles

- Aluminum alloy EN – AW 6060 – T5 UNI EN 755-2
- Surface finish: anodisation for protection and decorative purpose (coating specification for anodic oxidation according to UNI EN 12373-1)

Accessories

- Caps and regulations: ABS shock resistant
- Screws: hardened steel
- Small metallic parts: galvanized steel

Finiture

Finishes

Anodizzato lucido
Glossy anodised

Anodizzato acciaio
Steel anodised

Anodizzato naturale spazzolato
Natural anodised brushed

Sistemi esterni di protezione dal vapore, acqua, calore

External systems for protection
from steam, water and heat

SISTEMI ESTERNI DI PROTEZIONE DAL VAPORE, ACQUA, CALORE

THE SECRETS OF DURABILITY

Alzatine con numerosi tipi di profili, formate da base in compound rigido con guarnizione coestrusa in compound morbido, e da coperchio superiore di finitura in estruso termoplastico o in lega di alluminio. La gamma, molto ricca e completa di accessori angolari dedicati, risponde a livello sia stilistico che cromatico alle esigenze specifiche di ogni piano di lavoro.

Zoccoli di molte tipologie in più materiali, dalla plastica rivestita all'alluminio. Completano la gamma una ricca serie di accessori e il sistema cassetto zoccolo.

EXTERNAL SYSTEMS FOR PROTECTION FROM STEAM, WATER, HEAT

Backsplashes with numerous profile types, made of a hard compound base with coextruded soft compound gaskets and a top finished cover in extruded thermoplastic or aluminium alloy. The extensive range of special corner accessories satisfies specific demands for every worktop in terms of style and colour.

Many types of **plinth** are available in various different materials, from coated plastic to aluminium. A full set of accessories and the plinth drawer system complete the range.

La Volpato Industrie è in grado di fornire un vasto assortimento di zoccoli, in tutte le altezze richieste. Sono realizzati in compound termoplastico rigido o in lega di alluminio e sono dotati di guarnizione realizzata in compound morbido.

Gli zoccoli in termoplastico sono rivestiti con le finiture richieste, i profili in lega di alluminio sono provvisti di una finitura verniciata o anodizzata a scopo protettivo e decorativo o rivestiti.

Inoltre sono completati da una serie di pezzi speciali personalizzati e da diverse serie di accessori angolo in grado di soddisfare tutte le esigenze di design del mobile.

Volpato Industrie produces a wide range of plinths, available in all heights required. Our plinths are produced in thermoplastic compound or in aluminum alloy always with a soft bottom gasket. The thermoplastic plinths are coated with the required finishes, the aluminum alloy profiles are provided with a painted, anodised or coated finish for protective or decorative purposes. All plinth series can be integrated with special pieces tailor-made for the customer and all corners and connectors needed for furniture construction.

Zoccoli in alluminio

Aluminum plinths

Serie 10 AL

- Realizzati in lega EN-AW 6060-T5, UNI EN 755-2 con finiture superficiali verniciate o anodizzate a scopo protettivo e decorativo.
- Rivestiti con i decorativi :
 - carta impregnata attestata per la resistenza al calore (UNI 9116/9117), alla luce (UNI 9427/89), all'abrasione (UNI 9115), alle macchie (UNI 9114).
 - tranciato grezzo (varie essenze su richiesta).
 - foglia di alluminio anodizzato.
 - l'incollaggio del rivestimento ai profili avviene mediante applicazione di primer e colle esenti da solventi.
- Guarnizioni: materiale opalino con maggiore resistenza antibatterica grazie agli additivi ad esso inseriti e una migliore resistenza ai raggi UV
- Accessori: profili angolo 90° - 135° giunzione, multiangolo, ottenuti per estrusione e rivestiti con medesima finitura dello zoccolo.
- Made of EN-AW 6060-T5, UNI EN 755-2 alloy with painted or anodised surface finishes.
- Wrapped with various types of foils:
 - Impregnated paper, tested for heat resistance (UNI 9116/9117), light (UNI 9427/89), abrasion, (UNI 9115) and stains (UNI 9114);
 - raw veneer;
 - real anodised aluminum foil;
 - gluing process made with primer and solvent-free glues.
- Gasket: opal material that offers greater antibacterial resistance thanks to the additives inserted in it and improved resistance to UV rays.
- Accessories: corner profiles 90°-135° junction, multicorner, realized with extrusion process and coated with the same finish as the plinths.

Sistemi interni di protezione dal vapore, acqua, calore

Internal systems for protection
from steam, water, heat

SISTEMI INTERNI DI PROTEZIONE DAL VAPORE, ACQUA, CALORE

WITHIN THE ROBUSTNESS

Basi lavello stampate in materiale termoplastico che, grazie all'alta resistenza all'acqua, all'umidità, al vapore, al calore e ai prodotti chimici per la pulizia, costituiscono una valida alternativa ai comuni fondi in nobilitato. Offrono, infatti caratteristiche di resistenza e indeformabilità che garantiscono alla struttura del mobile di restare perfettamente inalterata nel tempo.

Basi colonna frigo in materiale termoplastico ad alta resistenza meccanica, stampate a iniezione, fornite di spine in legno, predisposte per montare piedi regolabili di qualsiasi tipo e dotate di superfici d'aerazione ad alta portata per il raffreddamento dell'apparecchiatura, a vantaggio dell'efficienza e perciò del consumo di energia.

Protezioni per il fondo del lavello sia in plastica che in alluminio.

INTERNAL SYSTEMS FOR PROTECTION FROM STEAM, WATER, HEAT

Injection molded thermoplastic sink bases with high resistance to water, humidity, steam, heat and chemical cleaning products are a valid alternative to melamine bases. They are extremely resistant and do not deform, ensuring that the unit structure stays in perfect condition over time.

Injection molded thermoplastic fridge unit bases with high mechanical resistance, supplied with wooden dowels and set up for use with any type of adjustable feet and equipped with high flow ventilation grids for fridge cooling, to improve efficiency and reduce energy consumption.

Plastic and aluminium sink base protections.

Sistema di aerazione brevettato

La Volpato Industrie offre per la realizzazione delle colonne frigo una serie completa di basi colonna realizzate in materiale termoplastico ad alta resistenza meccanica mediante stampaggio ad iniezione, fornite con spine in legno Ø8 o Ø10, con larghezza per spessori fianchi delle colonne da 16, 18 e 19mm e con attacchi predisposti per i piedi regolabili secondo le vostre richieste. Le superfici d'aerazione garantiscono una ottimale portata d'aria per il raffreddamento dell'apparecchio garantendone maggiore longevità ed efficienza, ottimizzando i consumi.

Volpato Industrie produces by Injection molding a wide range of fridge bases in thermoplastic material with high mechanical resistance. Fridge bases are supplied with wooden dowels Ø8 or Ø10, available for different side panel thicknesses such as 16, 18 and 19 mm, and developed to be used with various legs series. The design of the horizontal ventilation grid guarantees the optimal air flow for the appliance cooling, optimizing its energy consumption and guaranteeing long lifecycle and high efficiency.

- 4_ Frontal profile in aluminum
- 5_ Rear back
- 6_ Closure for sanitary access
- 7_ Position for legs

La Volpato Industrie realizza la serie di basi lavello stampate in materiale termoplastico che grazie all'alta resistenza all'acqua, all'umidità ed ai comuni prodotti chimici di pulizia si presenta come una valida alternativa al tradizionale fondo in nobilitato, mantenendo inalterata nel tempo la struttura del mobile. L'articolo viene fornito completo di spine in legno Ø8 o Ø10 e la foratura per l'attacco piedino secondo Vostra richiesta e può essere corredato dai seguenti accessori che ne completano la struttura:

- profilo frontale in alluminio, per un'ottimale resa estetica
- alzata posteriore, realizzata per ottimizzare la stabilità del mobile
- chiusura vuoto sanitario, per sfruttare al meglio il vano interno del mobile

Volpato industrie realizes a series of sink bases houlded in thermoplastic material which, thanks to the high resistance to water, humidity and common cleaning chemicals, is a valid alternative to the traditional melamine base.

Sink bases are supplied with wooden dowels of 8mm or 10mm diameter and are drilled for legs application according to customer measurements.

The series is completed with the following accessories:

- frontal aluminum profile for aesthetical and functional purposes;
- back aluminum profile for cabinet strength;
- sanitary closure set, to avoid object falling.

ORGANIZZAZIONE DELLO SPAZIO INTERNO

HIDDEN QUALITIES

Portaposate il cui design, elegantemente razionale, coniuga estetica evoluta e massima funzionalità. La gamma, straordinariamente completa, copre tutte le tipologie e le dimensioni dei cassetti prodotti dall'industria dell'arredamento per cucina.

Realizzati mediante stampaggio a iniezione o termoformatura con materiali plastici di prima scelta, garantiscono eccellente resistenza alle graffiature e, in quanto riciclabili a fine impiego, rappresentano una scelta sostenibile.

DRAWER ORGANIZATION AND ACCESSORIES

Elegant, rational design cutlery trays combine evolved styling with maximum functionality. The extremely comprehensive range has solutions for every type and size of drawer produced by the kitchen furniture industry.

Manufactured via injection molding or vacuum forming with premium grade plastics, they are highly resistant to scratches and because they can be recycled at end of life, they are a sustainable choice.

Regole di dimensionamento ante

Serie Clap'n'Fit

Clap'n'Fit Doors sizing rules

$$H \text{ DOOR} = H \text{ BOX} - 2 \times A$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

A = 1/16" H box = 1' 11" 5/8
B = 1/16" L box = 1' 3" 3/4

H door calculation

$$1' 11" 5/8 - 2 \times 1/16" = 1' 11" 1/2$$

L door calculation

$$1' 3" 3/4 - 2 \times 1/16" = 1' 3" 5/8$$

$$H \text{ DOOR} = (H \text{ BOX} - 3 \times A) : 2$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

A = 1/16" H box = 1' 11" 5/8
B = 1/16" L box = 1' 3" 3/4

H door calculation

$$(1' 11" 5/8 - 3 \times 1/16") : 2 = 11" 23/32 = 11" 11/16$$

L door calculation

$$1' 3" 3/4 - 2 \times 1/16" = 1' 3" 5/8$$

$$H \text{ DOOR} = H \text{ BOX} - C - A$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

A = 1/16" H box = 1' 11" 5/8
B = 1/16" L box = 1' 3" 3/4
C = 1" 3/8

H door calculation

$$1' 11" 5/8 - 1" 3/8 - 1/16" = 1' 10" 3/16 = 1' 10" 11/64$$

L door calculation

$$1' 3" 3/4 - 2 \times 1/16" = 1' 3" 5/8$$

$$H \text{ DOOR} = (H \text{ BOX} - 2 \times C - A) / 2$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

A = 1/16" H box = 1' 11" 5/8
B = 1/16" L box = 1' 3" 3/4
C = 1" 3/8

H door calculation

$$1' 11" 5/8 - 1" 3/8 - 1/16" = 1' 10" 3/16 = 1' 10" 11/64$$

L door calculation

$$1' 3" 3/4 - 2 \times 1/16" = 1' 3" 5/8$$

$$H \text{ DOOR (b)} = (H \text{ BOX} - 2 \times C - A) / 2$$
$$H \text{ DOOR (a)} = (H \text{ DOOR (b)} - A) / 2$$
$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example	
A = 1/16"	H box = 1' 11" 5/8
B = 1/16"	L box = 1' 3" 3/4
C = 1" 3/8	

H door (b) calculation
(1' 11" 5/8 - 2 x 1" 3/8 - 1/16") : 2 =
10" 13/32 = 10" 25/64

H door (a) calculation
(H door (b) - 1/16") : 2 = 5" 11/64 = 5" 5/32

L door calculation
1' 3" 3/4 - 2 x 1/16" = 1' 3" 5/8

$$H \text{ DOOR} = (H \text{ BOX} - C - 2 \times A) / 2$$
$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example	
A = 1/16"	H box = 1' 11" 5/8
B = 1/16"	L box = 1' 3" 3/4
C = 1" 3/8	

H door calculation
(1' 11" 5/8 - 1" 3/8 - 2 x 1/16") : 2 = 11" 1/16

L door calculation
1' 3" 3/4 - 2 x 1/16" = 1' 3" 5/8

Regole di dimensionamento ante

Serie G12C - G13C - G62 - G63

G12C - G13C - G62 - G63 Doors sizing rules

$$H \text{ DOOR} = H \text{ BOX} - 2 \times A$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

$$A = 1/16'' \quad H \text{ box} = 1' 11'' 5/8$$

$$B = 1/16'' \quad L \text{ box} = 1' 3'' 3/4$$

H door calculation

$$1' 11'' 5/8 - 2 \times 1/16'' = 1' 11'' 1/2$$

L door calculation

$$1' 3'' 3/4 - 2 \times 1/16'' = 1' 3'' 5/8$$

$$H \text{ DOOR} = (H \text{ BOX} - 3 \times A) : 2$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

$$A = 1/16'' \quad H \text{ box} = 1' 11'' 5/8$$

$$B = 1/16'' \quad L \text{ box} = 1' 3'' 3/4$$

H door calculation

$$(1' 11'' 5/8 - 3 \times 1/16'') : 2 = 11'' 23/32 = 11'' 11/16$$

L door calculation

$$1' 3'' 3/4 - 2 \times 1/16'' = 1' 3'' 5/8$$

$$H \text{ DOOR} = H \text{ BOX} - C - A$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

$$A = 1/16'' \quad H \text{ box} = 1' 11'' 5/8$$

$$B = 1/16'' \quad L \text{ box} = 1' 3'' 3/4$$

$$C = 1'' 3/8$$

H door calculation

$$1' 11'' 5/8 - 1'' 3/8 - 1/16'' = 1' 10'' 3/16 = 1' 10'' 11/64$$

L door calculation

$$1' 3'' 3/4 - 2 \times 1/16'' = 1' 3'' 5/8$$

$$H \text{ DOOR} = (H \text{ BOX} - 2 \times C - A) : 2$$

$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example

$$A = 1/16'' \quad H \text{ box} = 1' 11'' 5/8$$

$$B = 1/16'' \quad L \text{ box} = 1' 3'' 3/4$$

$$C = 1'' 3/8$$

H door calculation

$$1' 11'' 5/8 - 1'' 3/8 - 1/16'' = 1' 10'' 3/16 = 1' 10'' 11/64$$

L door calculation

$$1' 3'' 3/4 - 2 \times 1/16'' = 1' 3'' 5/8$$

$$H \text{ DOOR (b)} = (H \text{ BOX} - 2 \times C - A) / 2$$
$$H \text{ DOOR (a)} = (H \text{ DOOR (b)} - A) / 2$$
$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example	
A = 1/16"	H box = 1' 11" 5/8
B = 1/16"	L box = 1' 3" 3/4
C = 1" 3/8	

H door (b) calculation	
$(1' 11" 5/8 - 2 \times 1" 3/8 - 1/16") : 2 =$	
$10" 13/32 = 10" 25/64$	

H door (a) calculation	
$(H \text{ door (b)} - 1/16") : 2 = 5" 11/64 = 5" 5/32$	

L door calculation	
$1' 3" 3/4 - 2 \times 1/16" = 1' 3" 5/8$	

$$H \text{ DOOR} = (H \text{ BOX} - C - 2 \times A) / 2$$
$$L \text{ DOOR} = L \text{ BOX} - 2 \times B$$

Example	
A = 1/16"	H box = 1' 11" 5/8
B = 1/16"	L box = 1' 3" 3/4
C = 1" 3/8	

H door calculation	
$(1' 11" 5/8 - 1" 3/8 - 2 \times 1/16") : 2 = 11" 1/16$	

L door calculation	
$1' 3" 3/4 - 2 \times 1/16" = 1' 3" 5/8$

ANTE PER IL MOBILE

ALUMINUM ELEGANCE

Ante in alluminio realizzate nelle versioni con vetro infilato e con vetro incollato a seconda delle esigenze strutturali e stilistiche del mobile da cucina. Il vantaggio di poter disporre di una soluzione che coniuga eleganza, robustezza, leggerezza e, dato che l'alluminio è materiale al 100% riciclabile, rispetto per l'ambiente.

Ante speciali progettate e costruite in funzione di necessità molto specifiche secondo un approccio produttivo taylor made, aperto a qualsiasi richiesta di personalizzazione.

KITCHEN FRONTS

Aluminium doors created with glass insert or glued glass versions, depending on the structural and style requirements of the kitchen unit. The advantage of being able to offer a solution that combines elegance, robust build and lightness and, since aluminium is 100% recyclable material, respect for the environment.

Special doors designed and tailor-made to very specific requirements, available for any custom request.

ELEMENTI STRUTTURALI PER LA COSTRUZIONE DEL MOBILE CUCINA

EXCELLENCE IN COMPLETENESS

Catene in alluminio di diversa sezione per mobili da cucina di tutte le dimensioni. Dotate di sede con diverso spessore per lo schienale, rapide da montare, possono essere applicate sia nella parte anteriore che in quella posteriore, a beneficio della solidità strutturale.

Profili di rinforzo per i piani di lavoro, profili antiflessione, sistemi telaio e flange reggifianco per rispondere alle esigenze più specifiche in termini di solidità e resistenza.

STRUCTURAL COMPONENTS FOR KITCHEN CABINETS

Various section aluminium joint profiles for kitchen units of any size. Made with varying thickness back panel slots, they are quick to install and can be applied to both front and rear, improving structural robustness.

Reinforcing profiles for worktops, anti-flex profiles
frame systems and side support flanges to meet the most specific requirements for achieving solid build and resistance.

La Volpato Industrie offre un sistema completo di catene in alluminio di diversa sezione per tutte le misure dei cabinet. Le nostre catene sono dotate di sede con diverso spessore per lo schienale e grazie alla rapidità di montaggio possono essere applicate sia nella parte anteriore che posteriore offrendo solidità nell'accoppiamento al mobile. Sono dotate di spine da Ø8 o Ø10mm in legno o in materiale plastico.

Volpato Industrie offers a complete joint profiles system with various sections to suit all cabinet sizes. Our joint profiles are developed with housing for back panels of various dimensions and, thanks to the quick installation, can be used both on the front and back part of the cabinet always guaranteeing solidity in the cabinet construction. Dowels used are 8mm and 10mm diameter and made by wood or plastic.

Il sistema telaio Elite Elite frame system

Pag.340

Si presenta come un prodotto ad elevata versatilità. Il suo design unito alla robustezza crea un valido supporto per i moduli delle cucine. Realizzato in alluminio, il Sistema Telaio Elite si abbina perfettamente con gli altri dettagli dello stesso materiale presenti nella cucina valorizzandone l'insieme e rendendolo perfettamente integrato nella composizione.

Finiture / finishes [FF]

It is a highly versatile and quick to install system. Its design combined with its robustness creates an excellent support for kitchen modules. Made of aluminium, the Elite Frame System matches perfectly with the other kitchen's details of the same material, enhancing the whole and making it perfectly integrated into the composition.

Il sistema telaio Elite

Elite frame system

Il montaggio di Elite

L'assemblaggio del telaio Elite risulta essere di facile esecuzione grazie alla particolare forma del profilo strutturale che può essere unito agevolmente ai piedi terminali e ai piedi intermedi, che fungono da elementi portanti. Il piede scorrevole consente infine di posizionare in piena libertà vari punti d'appoggio.

The Elite frame assembly is very easy thanks to the form of its structural profile that can be easily connected to the end and central legs; which are, at the same time, supporting elements. The sliding leg allows to create many supporting points.

ATTENTION: minimum height of the leg 90mm

La confezione comprende:
n. 2 piedi scorrevoli con regolazioni interne montate
n. 2 confezioni accessori

The set consists of:
n. 2 sliding legs with preassembled inner adjustment
n. 2 accessories kit with end caps

Complementi d'arredo

Furnishing and complements

COMPLEMENTI D'ARREDO

READY TO FURNISH

Strutture per tavoli robuste ed esteticamente allineate con le tendenze più evolute, concepite per essere abbinate con piani di vario tipo e realizzati con materiali diversi, dunque versatili sia in termini funzionali che stilistici.

Supporti penisola dal design minimal, esteticamente molto versatili, realizzati in tubo rettangolare saldato. Resistenti al carico, facili da montare e regolabili in altezza, si prestano alla creazione di svariate combinazioni per soddisfare ogni più diversa necessità compositiva

FURNISHING AND COMPLEMENTS

Sturdy **table structures** aligned with the latest trends, designed to match various types of top and made with different materials for versatile function and style.

Minimal design **peninsula bases** for a versatile look, made with welded rectangular steel. Designed to withstand heavy loads, easy to assemble and height adjustable, a range of different combinations can be created to suit any kitchen plan.

Informazioni tecniche

Technical information

Il nuovo sistema di strutture per tavoli IN-OUT è caratterizzato da 3 aspetti fondamentali:

Semplicità

Montaggio estremamente rapido e intuitivo.

Intercambiabilità

Possibilità di utilizzare diversi modelli di gamba sullo stesso telaio.

Flessibilità

Capacità di adattarsi a situazioni e spazi diversi.

Realizzate interamente in alluminio, le strutture IN-OUT possono essere impiegate in svariati ambienti, dalla casa all'ufficio e all'outdoor.

Grazie alla varietà di gambe permettono di soddisfare i gusti più classici ma anche chi è alla ricerca di un design innovativo ed alla moda.

Estremamente facili e intuitive nelle operazioni di montaggio affiancano a questa caratteristica la possibilità di essere inserite anche in spazi esterni e un'elevata praticità grazie a un peso estremamente contenuto e un'elevata resistenza.

Tutti i sistemi IN-OUT sono coperti da tutela brevettuale.

The new system of structures for IN-OUT tables is characterized by 3 fundamental features:

Simplicity

Extremely quick and intuitive assembly.

Interchangeability

Possibility of using different leg models on the same frame.

Ductility

Adaptability to different situations and spaces.

Made entirely of aluminum, the IN-OUT structures can be used in various environments, from home to office up to outdoor.

Thanks to the variety of legs, they can satisfy the most classic tastes as well as those looking for an innovative and fashionable design.

These structures combine the easy and intuitive assembly with high manageability, thanks to the extremely low weight, and high resistance (they can also be used outdoors).

All IN-OUT systems are covered by patent protection.

Riepilogo strutture IN-OUT

Summary of the structures IN-OUT

IN-OUT propone geometrie diverse che si sviluppano attorno ad un sistema orizzontale comune di traversi e bloccaggi, tutti i componenti sono realizzati in materiali che non fanno che rimarcare l'attenzione di tutta l'azienda alle politiche green ed ecosostenibili.

La forza unita alla leggerezza e all'eleganza, di un design raffinato, rende le strutture IN-OUT adatte ad ogni situazione e in grado di soddisfare le richieste dei clienti più esigenti mentre la semplicità di montaggio e l'elevato grado di interscambiabilità ne fanno un sistema facilmente accessibile per tutti.

IN-OUT is represented with different geometries developed on the basis of a common horizontal system of crosspieces and fastenings; the composing materials reflect the company's attention to green and eco-sustainable policies.

The strength of this system, combined with its lightness and elegant design, make the IN-OUT structures suitable for every situation and able to satisfy the requests of the most demanding customers, while the simplicity of assembly and the high degree of interchangeability make it an easily accessible system for everyone.

La Volpato Industrie propone una serie di supporti penisola dal design elegante e moderno, la cui struttura è realizzata in tubo rettangolare saldato. I nostri supporti penisola coniugano una valida esteticità con una elevata resistenza al carico ed essendo progettate per essere regolabili in altezza, permettono molteplici combinazioni per soddisfare e realizzare soluzioni per le vostre richieste, garantendo inoltre una elevata semplicità di montaggio.

Volpato Industrie presents a series of peninsular leg supports produced by welded square shaped tube. Our peninsular leg supports combines design and functionality having high weight resistance and height adjustability. They can be used in multiple combination to fulfill all requests, always guaranteeing a high assembling simplicity.

Sistemi modulari

Modular shelving systems

SISTEMI MODULARI

DESIGNING EVERYDAY LIFE

Stiliphos, Stili Ellipse, Cyclos. Sistemi compositivi a parete/soffitto dalle linee pure ed eleganti, progettati per armonizzarsi con qualsiasi ambiente, sia residenziale che di altro genere, fungendo da parete attrezzata living, cabina armadio, scaffalatura per spazi commerciali e ambienti ufficio. Elementi strutturali verticali in alluminio anodizzato o verniciato, su richiesta predisposti per l'inserimento di luci a LED, a seconda del modello a sezione rettangolare o rotonda. Ripiani in vetro-alluminio o lamiera verniciata dal design minimal, alla cui purezza di linee fa eco una particolare robustezza.

Linea. Sistema compositivo pensato sia per completare i mobili da cucina nelle versioni **Top** e **Free**, sia come complemento di arredo indipendente, a parete, nella versione **Wall**. Il design ne esalta la lineare purezza, la concezione semplice e razionale della struttura lo rende molto versatile in termini funzionali e facile da montare.

MODULAR SHELVING SYSTEMS

Stiliphos, Stili Ellipse, Cyclos. Wall and ceiling systems with a pure, elegant design, created to blend harmoniously into any environment, residential or other, to create an accessorised living room wall, walk-in closet, or shelving for commercial spaces and offices. Vertical anodised or painted aluminium structural elements set up for LED lighting on request, according to the rectangular or round section model. Glass and aluminium or minimal design sheet metal shelves with pure lines and extreme durability.

Linea. Modular system designed to complete kitchen units in the Top and Free versions and as an independent accessorised wall storage unit in the Wall version. The design enhances the purity of the lines and the simple, rational structure concept means versatile function and easy assembly.

Composizione Stilili Phos

Stili Phos Composition

STILI PHÖS

È un concetto che permette di creare e organizzare spazi contenitivi pensati per ogni zona della nostra casa, dalle composizioni libreria alle cabine armadio.

È un sistema flessibile e versatile in grado di adattarsi a qualsiasi esigenza di spazio che, grazie ai materiali e alle sue finiture, consente la massima personalizzazione ed espressione del proprio gusto estetico.

Gli elementi che compongono Stili sono liberamente posizionabili nelle quantità ed altezze desiderate: il nodo fondamentale del progetto è il sistema di aggancio di questi elementi al montante in alluminio che risulta privo di forature o agganci fissi lasciando quindi una totale libertà compositiva.

Stili è caratterizzato da un design minimalista e dalla estrema facilità di montaggio: il sistema di fissaggio degli elementi che lo compongono quali ripiani, cassettiere, contenitori, consente di posizionarli alle altezze desiderate semplicemente utilizzando una chiave ed un cacciavite.

La sua versatilità è espressa inoltre dalla possibilità di fissarlo con profili da terra a soffitto e quella con profili da terra a parete.

Is a concept that allows you to create and organize storage spaces in your house from library compositions to walk-in closets. It is a flexible and versatile system, able to adapt to any space requirements and due to the materials and elegant finishes it allows the maximum aesthetic customization.

The parts that compose Stili are freely positionable in terms of quantities and desired heights. The key element of the project is a coupling system without holes or fixed hooks together with an aluminium profile allowing you a total freedom of composition.

Stili is featured by a minimalistic design and an easy assembly.

The fixing system of the shelf, drawer and divider elements makes it possible to flexibly place the individual components as desired by simply using a screwdriver and a wrench. Its versatility is also expressed by the two possible compositions: the version of the structure with ceiling-high profiles and the one with floor-to-wall profiles.

Composizione Stili a parete

Stili floor to wall composition

stilIPHOS

Stili a parete

Per la composizione Stili a parete sono necessari:

- Elemento Portante Verticale (profilo con schermo diffusore LED)
- Elemento di Regolazione (puntale e piedino livellatore)
- Elemento di Raccordo Orizzontale
- Elementi di Fissaggio degli Accessori

In un contesto residenziale Stili a parete può essere impiegato nella zona notte (cabina armadio) oppure nella zona living quale parete attrezzata/libreria. Il rinforzo centrale utilizzato quale collegamento tra la parete muraria ed il montante strutturale verticale serve per dare a tutta la struttura una maggiore rigidità e solidità. In un contesto invece commerciale o direzionale, "Stili" a parete può essere utilizzato ad esempio quale scaffalatura per esposizione prodotti (negozi) o per archiviazione (uffici)

Stili floor to wall

For the Stili floor to wall composition you need:

- Vertical components (profile and LED shield)
- Adjustment elements (cap and leg)
- Horizontal coupling element
- Fixing Accessories

In a residential context Stili floor to wall can be used in the sleeping area (walk-in closet) or in the living area as fitted wall/library. The middle reinforcement (optional) is used as connection between the wall and the vertical structural profile which gives to the whole structure a greater rigidity and solidity. In a commercial or directional context, "Stili" floor to wall can be used for example for products exposition (shops) or storage shelves (offices)

* Il box contenitore deve essere sempre fissato al muro.
The storage box shall always be fixed to the wall.

Composizione Stili a soffitto

Stili floor to ceiling composition

Stili a soffitto

Per la composizione Stili a soffitto sono necessari:

- Elemento Portante Verticale (profilo con schermo diffusore LED)
- Elemento di Regolazione (puntale e piedino livellatore)
- Elemento di Rinforzo Centrale
- Elementi di Fissaggio degli Accessori

In un contesto residenziale Stili a soffitto può essere utilizzato nella zona notte (cabina armadio), nella zona living quale parete attrezzata/libreria oppure utilizzato come divisorio, elemento filtro tra 2 ambienti diversi. Il rinforzo centrale (opzionale) utilizzato quale collegamento tra la parete muraria ed il montante strutturale verticale serve per dare a tutta la struttura una maggiore rigidità e solidità.

Stili floor to ceiling

For Stili floor to ceiling composition you need:

- Vertical components (profile and LED shield)
- Adjustment elements (cap and leg)
- Middle Reinforcement Element
- Fixing Accessories

In a residential context Stili floor to ceiling can be used in the sleeping area (walk-in closet), in the living area as fitted wall / library or used as room partition between 2 different spaces. The middle reinforcement (optional) is used as connection between the wall and the vertical structural profile which gives to the whole structure a greater rigidity and solidity.

* Il box contenitore deve essere sempre fissato al muro.
The storage box shall always be fixed to the wall.

Composizione Stili sopra top

Stili above the top composition

Composizione Stili sopra top

Per la composizione Stili a parete sono necessari:

- Adattatore TOP
- Elemento di raccordo superiore a muro
- Elemento portante verticale

Il sistema modulare Stili Phos, in un contesto residenziale, può essere impiegato come elemento sopra Top in modalità Free Standing per le aree penisola o, in modalità con connessione a muro, nelle aree sopra Top per le cucine a parete.

È possibile creare delle aree di divisione dello spazio con mensole in legno o vetro che permettono di sfruttare meglio i volumi disponibili. Il sistema di fissaggio al Top permette l'ancoraggio su vari spessori e materiali.

Stili composition above top

For the Stili wall composition you will need:

- TOP adapter
- Upper wall connection element
- Vertical load-bearing element

The Stili Phos modular system, in a residential context, can be used as an element above the Top in Free Standing mode for peninsula areas or, in wall-connected mode, in the areas above the Top for wall kitchens.

It is possible to create space-dividing areas with wooden or glass shelves that allow you to make better use of the available volumes. The fixing system to the Top allows anchoring on various thicknesses and materials.

Composizione Stili Ellipse Stili Ellipse Composition

sti|ELLIPSE

Sistema compositivo a parete/soffitto nuovi profili e svariate possibilità di utilizzo: in un'abitazione come libreria o cabina armadio o in una zona living come parete attrezzata. Utilizzabile in un contesto commerciale come scaffalatura o per archiviazione in un ufficio.

I montanti verticali sono ordinabili con o senza predisposizione per inserimento LED.

Compatibile con subportti ripiani.

Wall/ceiling modular system with new profiles and multiple possibilities of use: as a bookcase, as a walk-in closet, or as a media wall in a living area. Suitable also for commercial contexts, such as shops, as shelving system or offices as documents storage space.

The vertical uprights can be supplied with or without LED inserton slot, on demand.

Compatible with stiliphos shelf support.

Composizione Ellipse a soffitto

Ellipse floor to ceiling composition

Composizione Ellipse a soffitto

Per la composizione Ellipse a soffitto sono necessari:

- Elemento portante verticale (profilo con diffusore LED)
- Piedino regolabile
- Kit connessione a soffitto
- Elementi di fissaggio degli accessori

Il sistema Ellipse a soffitto è utilizzabile sia nel contesto residenziale che nel contesto ufficio e contract.

In area notte è un'ottima soluzione per attrezzare la cabina armadio e nelle aree living può essere impiegato come parete attrezzata o sistema divisorio/filtro tra due ambienti.

L'elemento di rinforzo centrale utilizzato come collegamento dell'elemento portante verticale alla parete muraria serve a dare a tutta la struttura una maggiore rigidità e solidità.

Ellipse Ceiling Composition

For the Ellipse ceiling composition you need:

- Vertical load-bearing element (profile with LED diffuser)
- Adjustable foot
- Ceiling connection kit
- Accessory fixing elements

The Ellipse ceiling system can be used in both residential and office and contract contexts.

In the sleeping area it is an excellent solution for equipping the walk-in closet and in the living areas it can be used as a fitted wall or a dividing/filter system between two rooms.

The central reinforcing element used as a connection of the vertical load-bearing element to the masonry wall serves to give the entire structure greater rigidity and solidity.

Composizione Ellipse a parete

Ellipse floor to wall composition

Composizione Ellipse a parete

Per la composizione Ellipse a parete sono necessari:

- Elemento Portante Verticale (profilo con diffusore LED)
- Piedino regolabile
- Kit di raccordo (standard/light)
- Elementi di fissaggio degli accessori

Il sistema Ellipse a parete è utilizzabile sia nel contesto residenziale che nel contesto ufficio e contract. In area notte è un'ottima soluzione per attrezzare la cabina armadio nelle aree living può essere impiegato come parete attrezzata o sistema divisorio/filtro tra due ambienti. In contesti commerciali o direzionali il sistema Ellipse a parete può essere impiegato come scafalatura per esposizione prodotti (negozi) o per archiviazione documenti (uffici).

L'elemento di rinforzo centrale utilizzato come collegamento dell'elemento portante verticale alla parete muraria serve a dare a tutta la struttura una maggiore rigidità e solidità.

* Il box contenitore deve essere sempre fissato al muro.
The storage box shall always be fixed to the wall.

Ellipse wall composition

The Ellipse wall composition requires:

- Vertical load-bearing element (profile with LED diffuser)
- Adjustable foot
- Connection kit (standard/light)
- Accessory fixing elements

The Ellipse wall system can be used in both residential and office and contract contexts. In the sleeping area it is an excellent solution for equipping the walk-in closet in the living areas it can be used as a fitted wall or a dividing/filter system between two rooms. In commercial or management contexts the Ellipse wall system can be used as a shelving unit for displaying products (shops) or for document storage (offices).

The central reinforcing element used as a connection of the vertical load-bearing element to the wall serves to give the entire structure greater rigidity and solidity.

Finiture anodizzate

Composizione Cyclos

Cyclos Composition

CYCLOS

Sistema compositivo a parete/soffitto con profili circolari, utilizzabile in un contesto residenziale o in un contesto commerciale.

I montanti verticali sono ordinabili con o senza predisposizione per inserimento LED.

Wall\ceiling modular system with circular profiles, it can be both suitable for residential and in commercial contexts.

The vertical uprights can be supplied with or without LED insertion slot, on demand.

Composizione Cyclos a soffitto

Cyclos floor to ceiling composition

Composizione Cyclos a soffitto

Per la composizione Cyclos a soffitto sono necessari:

- Elemento Portante Verticale (con sede led per illuminazione verticale o ai ripiani)
- Piedino regolabile
- Kit connessione a soffitto
- Elementi di Fissaggio degli accessori

Il sistema Cyclos a parete è utilizzabile sia nel contesto residenziale che nel contesto ufficio e contract. In area notte rappresenta un'ottima soluzione per attrezzare la cabina armadio e nelle aree living può essere impiegato come parete attrezzata o sistema divisorio/filtro tra due ambienti. In contesti commerciali o direzionali il sistema Cyclos a parete può essere impiegato come scaffalatura per esposizione prodotti (negozi) o per archiviazione documenti (uffici). È disponibile nella versione con piani luminosi o con struttura retro illuminata.

* Il box contenitore deve essere sempre fissato al muro.
The storage box shall always be fixed to the wall.

Cyclos ceiling composition

For the Cyclos ceiling composition you need:

- Vertical Load-bearing Element (with LED seat for vertical lighting or on the shelves)
- Adjustable foot
- Ceiling connection kit
- Accessory fixing elements

The Cyclos wall system can be used in both residential and office and contract contexts. In the sleeping area it represents an excellent solution for equipping the walk-in closet and in the living areas it can be used as a fitted wall or a dividing/filter system between two rooms. In commercial or management contexts the Cyclos wall system can be used as a shelving unit for displaying products (shops) or for document storage (offices). It is available in the version with illuminated shelves or with a backlit structure.

Composizione Linea Top, Linea Free, Linea Wall Linea Top, Linea Free, Linea Wall composition

LINEA

Il nuovo prodotto Volpato per la casa.
È caratterizzato da 3 aspetti fondamentali che lo contraddistinguono.

Eleganza

Non sono presenti forature e viti in vista.

Semplicità

Montaggio estremamente rapido ed intuitivo.

Flessibilità

Capacità di adattarsi a più situazioni diverse fra loro.

Linea può essere utilizzato come arredo di complemento alla cucina nella sua versione LINEA Top o LINEA Free, ma anche come arredo indipendente nella versione LINEA Wall.

Estremamente facile e intuitivo nelle operazioni di montaggio, affianca a queste caratteristiche una grande capacità di adattarsi a varie situazioni.

Tutti i sistemi Linea sono coperti da tutela brevettuale.

The new product by Volpato for your home.
3 fundamental aspects characterize it.

Elegance

No visible holes or screws.

Simplicity

Extremely quick and intuitive assembly.

Ductility

Adaptability to several different uses and solutions.

Linea can be use as a complement in its version LINEA Top or LINEA Free, but also as independent in its version LINEA Wall.

Extremely easy and intuitive in assembly operations, the system combines these features with a great ability to adapt to various situations.

All Linea systems are covered by patent protection.

COMPLEMENTI PER GLI SPAZI DI CONTENIMENTO

SMART IDEAS FOR HOME

La storia e i valori del brand Gollinucci tradotti nella progettazione e realizzazione di complementi d'arredo che aiutano a semplificare la quotidianità in cucina, nella zona giorno, nell'ambiente bagno e nello spazio lavanderia.

Accessori funzionali e semplici da usare, caratterizzati dallo stile inconfondibile del design italiano e da un family feeling che li rende immediatamente riconoscibili e coordinabili.

COMPLEMENTARY ACCESSORIES FOR STORAGE SPACES

The Gollinucci history and brand values are reflected in the design and production of complementary accessories that help simplify daily tasks in the kitchen, living areas, bathroom and laundry space.

Functional, simple to use accessories with unmistakable Italian design and a common identity that makes them instantly recognizable and easy to coordinate.

SPECCHIERE PER AMBIENTE BAGNO E ZONA NOTTE

DESIGN REFLECTS FUNCTIONALITY

Dal brand Elma un impegno per la bellezza e la qualità che rispecchia la volontà di soddisfare al meglio l'industria dell'arredamento e il contract progettando e realizzando specchiere complete di cornice, corpi illuminanti e componenti elettrici.

La certezza di prodotti al 100% Made in Italy, dotati di tutte le certificazioni richieste dai Paesi dell'Unione Europea, contraddistinti da un'estetica ispirata alle tendenze più avanzate dell'interior design, da una particolare attenzione per gli aspetti tecnici e da ampi margini di personalizzazione.

BATHROOM MIRRORS AND SLEEPING AREA

The Elma brand commitment to beauty and quality reflects the desire to satisfy the demands of the home furnishing and contract industry, designing and manufacturing mirrors with integrated frames, lighting and electrical components.

100% Made in Italy assured, with all certifications required by the European Union, distinctive style inspired by the latest interior design trends, and meticulous attention to technical features with plenty of possible custom options.
